Published Daily Except Sunday, Fourth of July, Thanksgiving and Christmas by the Ledger Publishing Company, Maysville, Kentucky.

EDITOR AND MANAGER CLARENCE MATHEWS  
Local and Long Distance Telephone No. 40. Office—Public Ledger Building.  
Entered at the Maysville, Kentucky, Postoffice as Second-class Mail Matter.

## PRESS SOURCE OF INFORMATION

When Secretary of War Baker wrote to W. S. Gifford, Director of the Council of National Defense, protesting that the council has no legal power to do some of the things attempted, Mr. Baker said that his "attention had been called through the newspapers" to what had been done. Isn't that a pretty state of affairs? The Council of National Defense and its committees were created by the administration as a war emergency body, but the Secretary of War gets his information concerning their acts, "through the newspapers." A little while ago the administration was trying to put the lid on news paper publication of matters relating to war activities. If the press censorship had been established as desired, Secretary Baker would have had no means of learning promptly what action had been taken adverse to the interests of his Department. Really, this press censorship proposal is worse than most people supposed. It would do of war. —Hobart (Okla.) Republican.

## SWISS TRADE WITH GERMANY IS REVEALED

Berne, Switzerland, July 16 — Regarding American allegations with respect to Swiss exportations of American cotton and Italian fruit to Germany the Bund published a precise statement with the object of showing that Switzerland has exported no cotton since the autumn of 1916. Arrangements made with Entente, says the paper, have always been strictly observed, making such importations quite impossible.

As to the exportation of southern fruits to Germany this passage was continued, the Bund declares, to a certain extent with the knowledge and consent of the Italian government. It explains that there was a kind of compensation traffic between Italy and Germany notwithstanding the war, Italy sending fruits in return for German agricultural machinery.

It is pointed out that Switzerland had no right nor reason to prevent this traffic, which was conducted for the most part by Italian merchants.

## GERMAN CROP CONDITIONS REPORTED GOOD IN PRESS

Paris, July 16—The Intelligence Department of the United States army has perfected a method for obtaining the quick delivery of translations from German newspapers with the purpose of supplementing other channels of information concerning internal conditions in Germany.

Papers recently received report of a high wheat crop in Roumania, much of which, it is expected, will be transported to Germany. The vegetable crop in Germany, with the exception of potatoes is reported by the German press to be good. The German fruit crop is bad and the potato crop is expected to be the smallest since the beginning of the war.

## PAPERS RELIEVED OF VOLUNTARY CENSORSHIP

Washington, July 16 — Voluntary censorship regulations under which the newspapers have refrained from reporting troop movements were partially suspended today by the War Department and the Public Information Committee so as to permit the papers to print almost unrestricted news about the mobilization of the national guard for war service. This statement was issued:

"The only restriction that the War Department places upon the news of the mobilization of the national guard is that of secrecy concerning train routes and train schedules.

Publication of the exact routes and times of departure, it was pointed out, might invite attempts to interfere with trains.

## MATURE MEAT TO BE RULE ON DINING CAR MENUS

Chicago, July 16—During car economy and reduction of passenger train service during the war were discussed here today by officials of railroads in the central army department which includes fifteen states. After the meeting it was indicated that passengers soon would be unable to obtain young meat, like spring chicken and lamb, on dining cars, and would have to be content with two slices of bread and a single pat of butter, unless willing to pay extra for a full portion as the railroads have agreed to put into effect conservation measures recommended by Herbert Hoover, food administration.

A conference will be held between Mr. Hoover and dining car superintendents of the roads.

## DRAFT DRAW CAN HARDLY BE HELD BEFORE SATURDAY AT THE EARLIEST

Washington, July 16—On the basis of advices today from various States where the organization has not been completed, War Department officials said the drawing for the army selective conscription hardly could be held before Saturday at the earliest.

Fifteen States have not reported the completion of their exemption board organization. Numerous districts in all of these States have finished, however, so it is impossible to tell just when the final report is to be expected.

## IMMUNITY FROM SUBMARINE ATTACKS IS GRANTED PRELATE

Washington, July 16—When Archbishop Benaventuro Cerretelli sails shortly from an American port on an Italian liner for Rome to become assistant papal secretary of state the ship will fly the Papal flag under an arrangement by which Germany has promised immunity from submarine attacks. Ambassador-Riano of Spain obtained the promise. Archbishop Cerretelli until recently was apostolic delegate to New South Wales and for ten years was auditor of the delegation here.

## Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface of the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. Circulars free. All Druggists, 75c.

F. J. CHENEY & CO., Toledo, O.

# Price Advance

Competitors have circulated a report that the Ford has advanced \$100.00. This is emphatically untrue and is done merely to help them sell an inferior car for more money. However, I am expecting every day to receive notice to advance the price. All orders are being taken with the privilege of cancellation if price advances. The company has notified me to mail all orders the same day they are placed. It is my opinion that all orders will be filled at present prices if orders are placed at once, but you should not delay the matter a single day. Place your order today and play "safety first."

O. L. BARTLETT.

### NO MORE FREAK REGIMENTS IN THE ARMIES OF RUSSIA

Petrograd, July 16—The substitution of the voluntary salute for the compulsory salute in the Russian army is significant of the abandonment of a number of iron-clad and obsolete customs in Russian military circles. One of the most characteristic of these was the Emperor Paul's famous regiment of snub-nosed men, who were all brigaded together as a sort of compliment to their sovereign who was a snub-nosed man.

The Russian army in the old days frequently collected together into regiment men unhappily distinguished by certain classes of physical deformities and idiosyncrasies. Thus, there were regiments of men all badly pockmarked, or all bow-legged, or all slightly humped.

### WASTE NOT, WANT NOT

Washington, D. C., July 24—Those who heeded the advice of the United States Department of Agriculture to plant gardens this year are now wondering how best to preserve their surplus fruits and vegetables. The specialists of the department, who have tried out various methods for canning, preserving, drying, pickling, and making jam, have recently issued bulletins showing how this work may be done successfully. Anyone can have these publications for the asking, so ignorance of the proper procedure will not serve as a legitimate excuse for allowing any garden produce to spoil this year.

Farmers' Bulletin 853, "Home Canning of Fruits and Vegetables" shows how fruit may be canned especially under conditions existing in the South. Some products in that section, the bulletin states, should be given intermittent sterilization. This consists of applying boiling temperature to products already packed in containers for a certain period on each of three successive days. The bulletin also gives tried and tested recipes for making jams, fruit butters, marmalades, preserves and jellies.

When canning is not feasible or cans and jars too expensive, drying offers a means of saving large quantities of surplus products which go to waste each year. Drying also affords a way of conserving portions of food too small for canning. Drying may be done in the sun, over the kitchen stove, or before an electric fan. Farmers' Bulletin 841 tells just how to do this, using one of the driers now on the market or a homemade apparatus.

These bulletins are sent out upon request by the Division of Publications, United States Department of Agriculture, Washington, D. C. Send for some copies for yourself and tell your neighbors about them. Fruits and vegetables preserved in any of these ways will help you in planning your three meals a day next winter.

### GOOD MUSICIANS NEEDED BY NAVY

The navy stands in need of good musicians now, but only men who are able to play brass instruments will be taken. Lowest pay is \$41 a month for these men. They are urged to enlist at once. The navy has especial need at present also for men who are skilled in the use of gasoline engines.

### DENIES WESTINGHOUSE SEEKS 1,000 MEN FOR SECRET WORK

In a number of papers there have been published sensational articles stating that the Westinghouse Manufacturing Company is seeking 1,000 men to be employed on a secret process, who must agree to enter a plant, and remain absolutely cut off from the world for a year. Under the headline "Important If True," this item should have been published as revealed by the following interview with the president of the Westinghouse Company published in the Wall Street Journal:

"E. H. Herr, president of the Westinghouse Manufacturing Company denies emphatically that the company is seeking the employment of men for work on a secret process as reported in the morning paper dispatches from Pittsburgh. These reports were to the effect that 1,000 men were being sought by the Westinghouse Co. to sign an agreement to voluntarily cut themselves off from communication with the outside world and work on a new product or process for the United States Government. The Westinghouse Company has been deluged with offers for service in this work as the result of the morning paper publicity, and company officials are kept busy explaining there is no truth in the reports."

"Mr. Herr says: 'I am at a loss to account for the origin of these reports. We are not now at work nor have any plans for any such secret operations as have been reported.'"

### ALL EXEMPTION BOARDS READY BUT BREATHITT

Frankfort, Ky., July 16—The Breathitt County Exemption Board is the only Board in the State which has not organized and started work on exemption claims. Alfred Russell, County Clerk, has refused to co-operate with the other members of the Board. Governor Stanley today had advice from Washington to the effect that any member of the Boards of Exemptions failing to assume his duties is subject to one year imprisonment on the charge of a misdemeanor. After a Board has organized members declining to serve may resign, but this can not be done until after an organization has been perfected. Governor Stanley is also in receipt of a wire from Washington stating that no more appointments to Exemption Boards will be approved at the present time which means that the members appointed must serve.

Provost Marshal General Crowder today notified Governor Stanley that every Exemption Board in the country will be at work by Tuesday.

### AVIATION BILL WILL BE RAIDED IN SENATE

Washington, July 16—The administration's \$640,000,000 aviation bill passed Saturday by the House will be expedited in every way in the Senate and may be passed this week ahead of the food control measure.

The Senate Military Committee will meet tomorrow and may decide to dispense with committee hearings in order to hasten enactment. It is understood one of the amendments to be proposed by the administration would legalize the status of the aircraft production board, now attached to the defense council, and would extend its powers.

Through electric illumination the dome of Missouri's new State Capitol at Jefferson City is made visible for a distance of 30 miles.

The term of one's ambitions may be snuffed by broken resolutions.

### JUDGE FOR YOURSELF

Which is Better—Try an Experiment or Profit by a Maysville Citizen's Experience.

Something new is an experiment. Must be proved to be as representative.

The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is.

Now supposing you had a bad back, a lame, weak, or aching one. Would you experiment on it? You will read of many so-called cures.

Endorsed by strangers from far-away places. It's different when the endorsement comes from home.

Easy to prove local testimony. Read this Maysville case: Ben. P. Fleming, constable of Mason Co., 217 E. Lee St., Maysville, says: "I have used Doan's Kidney Pills off and on for several years, getting them at Wood & Son's Drug Store, and they have been of great benefit. At times, my kidneys have been out of order and I have suffered from a dull, constant ache through the small of my back. The kidney secretions have been irregular in passage, too. A box or so of Doan's Kidney Pills have never failed to relieve me of the complaint in a short time."

Mr. Fleming is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Fleming had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

Do not wait until after the house is burned down to think of taking out a fire policy. The cost of FIRE INSURANCE is small and your family deserves protection against the loss of the home which has taken so much hard work to get. Act NOW and there will be no regrets.

### SEVEN REASONS

Why Every Colored Person in Maysville Should Attend Dr. Sharp's Lecture on Tuberculosis Next Thursday Evening at Scott M. E. Church.

By agreement between Dr. Sharp, who is conducting the Sanitary Survey in Mason county and the Rev. Robert Jackson and the officials of Bethel Baptist Church and Pastor and Official members of Scott M. E. Church a special lecture on Tuberculosis, illustrated by pictures, will be given at Scott M. E. Church Thursday evening of this week at 8 o'clock sharp. I am certain the lecture which was given in the beginning of the season on Typhoid Fever showing the a dangerous factor, was very helpful and will in its effect last a long time.

By request I am making the newspaper statement, regarding this meeting, which will consist of seven reasons why every colored person in Maysville should hear this splendid and instructive lecture which will help them to live better, happier and longer.

1. Every colored person in Maysville should attend the lecture because it is an expression of patriotism to the nation's call and it is our duty to be true to our nation even though there is within our boundary a lawless element who burn our homes and murder our loved ones.

2. Every colored person should be present at this lecture because it is in the interest of better health conditions for the people of Mason county and if the colored people are to share the benefits they ought to be honest enough to attend the lecture and learn the conditions so that they will be able to intelligently do the things required at their hands.

3. Every colored person ought to attend the lecture on tuberculosis at Scott M. E. Church Thursday evening, July 19th, because tuberculosis or Consumption is the greatest enemy of the race, more colored people die from the cause of it than any other disease, and Dr. Sharp in his lecture on Thursday evening, will teach how to lessen the chances of having it and how to care for those who do have it, while less danger to one's self and those of his household.

4. Every colored person in Maysville should be present to hear Dr. Sharp on Thursday evening because he will show with pictures thrown upon the screen how Tuberculosis or Consumption shortens our lives, lessens our opportunities, robs us of our loved ones and infests our homes with disease germs, which lie in wait to attack us or some one else and how it drains from us our earnings for needless doctor's bills and extravagant funeral expenses.

5. Every colored person ought to be present at the lecture on Thursday evening because Dr. Sharp will show us that it is within our power, if we will take and use the information that is given to us, to lessen the prevalence of tuberculosis among colored people, hence, allowing the vast amount of money which we spend for doctor's bills and funeral expenses in these cases will enable us to start bank accounts, buy property, have better clothes and more wholesome food, and become more developed intellectually, morally and physically.

6. Every colored person should be at the lecture Thursday evening because if we are to share the good

## Barkley's Shoe Store

INCORPORATED

HARRY BARKLEY, President.

things which society brings to us we must be willing to learn, that we may be able to share in making the contribution necessary for their production. 7. Every colored person should be present at the lecture in Maysville Thursday evening because it is his Christian duty. God made it possible for every man and woman to have a strong, healthy body, without which we are not in accordance with his creative design, and whoever becomes a physical defective, either because he has neglected the opportunities to know how to avoid disease or because he has knowingly and wilfully transgressed the laws of health is a criminal in accordance with moral law and a sinner in accordance with Divine Law. REV. J. F. DELANEY.

## OUR WATER BOX

Correspondents will please give facts as briefly as possible. When anything of great importance occurs use the Telegraph or the Telephone at our expense.

### Helena

The Ladies' Aid Society of the M. E. Church will meet Wednesday afternoon with Mrs. Robert Cook. Miss Beale Howard is visiting relatives in the Washington neighborhood. Miss Jennie D. Roe is the guest of her cousin, Mrs. R. C. Knapp, of Maysville.

Mrs. Sarah E. Brown is very ill at this writing. Mrs. Thomas Luttrell is the guest of her nieces, Misses Mary and Lida Peyton Key.

Mr. and Mrs. Jessa Cooper and children of Dayton, Ohio, spent a few days with their uncle, Mr. Joseph Cooper. They left Monday for Lexington, where they will spend a few days with relatives, after which they will return to their home. They are making the trip by automobile.

Mrs. Edward Hinton is visiting her mother near Flemingsburg. Mrs. Belle Cooper is visiting her son, Rev. Henry Cooper, at Russell, Ky.

The next few days will see the exodus of many Maysvillians who will go to Ruggles Campgrounds to spend their vacation. This famous old camping spot yearly draws many from this city and county and the surrounding country. Campmeeting this year starts on July 26 and ends on July 5.

The 1917 session of the Robertson County Christian Assembly will be held at Penn Grove Campgrounds at Mt. Olivet from August 17 to 26. Quite a number of prominent speakers are on the program to speak during the meeting.

### BLAME GOETHALS FOR MORE DELAY IN SHIPBUILDING

Washington, July 17—Differences between Chairman Denman of the shipping board and Major General Goethals, manager of the board's fleet corporation, which have halted the government's shipbuilding program apparently were far from a settlement tonight.

General Goethals, who yesterday postponed plans for constructing two great government shipbuilding plants and for requisitioning ships now building made no move today toward going ahead with his program. Nor would he add to his statement of last night that Mr. Denman had asked for delay to give the shipping board time to go over his plans.

Chairman Denman put the whole responsibility for the delay on General Goethals, who, he charged, was slow in furnishing information asked of him yesterday concerning his plans. At the same time he made it clear that the shipping board as holder of the stock in the Fleet Corporation, will study the general's program carefully before giving it approval.

### LOOK FOR IT HERE

It's about time for some one to predict that next year's peach crop is killed.

A friend tells us that war is a light for life, while marriage is a lifelong fight; and he says the moral to this is to take the lesser of the two evils and enlist.

## At This Vacation Season

When so many people are going away from home, the matter of the safety of valuables is one of vital importance.

Neither your home nor your office is the proper place for a will, marriage certificates, deeds, mortgages, bonds, notes, stock certificates, life and fire insurance policies, jewelry, and many other essentially personal valuables. Put them into a safe deposit box in our new modern, fire and burglar proof vault.

The rental charges—less than one cent a day—for private boxes are reasonable, out of all proportion in fact, to the great amount of protection afforded and the peace of mind insured by the use of these facilities.
